

Journals:

Shukla A.K.N, Theoretical Parametric study of Axial Flow Fan; Journal of Engineering and Technology, Sardar Patel University, Dec 1994

International conferences:

Shukla A.K.N, Prasad M, A comprehensive parametric study of various aspect of solar cooker; Solar World Congress, ISES, Tel Aviv Israel, 1999

Shukla A.K.N, Prasad M, Pathak L, Solar cooker –A status report; World congress on sustainable Development Engineering & Technological challenges of 21 St century, The institution of Engineers (India) & world federation of Engineering organizations, Calcutta, 374-382 January 20-23, 2000

Shukla A.K.N, Prasad M, Enhanced Convective Heat Transfer Non Tracking Solar Box Cooker; World conference on Technology advances for sustainable development (Energy, water and Environment), Cairo, Egypt, November 5-8, 2001

Shukla A.K.N, Prasad M, Heat loss Coefficients for Non-Tracking Box Type of Solar Cookers; ISES 2001 Congress, Adelaide Australia, 24-27 Novmber,2001

Shukla A.K.N, Prasad M, Design, Development and Performance Evaluation of Non-tracking Hybrid community Solar Box Cooker; International Symposium on Recent trends in Heat and Mass transfer ISRTHMT, IIT Guwahati, 02-171, Jan 7-8, 2002

Shukla A.K.N, Prasad M, Criteria for selecting mode of heating for Non-tracking Solar Box cooker; International Conference on Recent Advances in Solar Energy Conversion Systems, MANIT Bhopal, 145-15, September 28-29, 2002

Shukla A.K.N, Prasad M, Simulated cooling capability analysis by under ground space, International Technologies for sustainable development (ICEET 2003), MNIT Jaipur, October 8-10, 2003

Web Publications:

Shukla A.K.N, Effect of plastic sheet (OHP) in place of glass, International Solar cooking organization, <http://www.solarcooking.org/research/Glassplasticceq.PDF>

Shukla A.K.N, Community Solar Cooker Non tracking community Hybrid solar box cooker developed and tested, WIRE - An initiative of the International Solar Energy Society (ISES), <http://wire0.ises.org/wire/Publications/Research.nsf!OpenDatabase>

National conferences:

Shukla A.K.N, Energy saving in transport industries with the use of container; National seminar on Energy Management, Allahabad, 1995

Shukla A.K.N, Prasad M, Pathak L, Estimation of effectiveness for gaseous backup Hybrid solar cooker; National Renewable energy Convention, Indore, 79-81, 1999

Shukla A.K.N, Recent trends in computer network in engineering colleges: Need and Requirement, ISTE National Convention, Kiit, Bhubneshwar, 25 Dec 2001

Shukla A.K.N, Prasad M, A study of solar Box cooker with internal reflective side plates, All India Seminar on Advances in Solar Energy Technologies, Jodhpur, Jan 29-30, 2002

Shukla A. K. N, Rationale use of energy in engineering colleges; National conference on Energy Management in changing business scenario, Birla Institute of Technology and Science (BITS), 2005
