M.TECH (ENVIRONMENTAL ENGINEERING)

The 'Environmental Crisis' emerging due to all-time high levels of contamination in Water, Air & Soil has posed a severe threat to the human existence and it's time to re look and discover the new path of growth. In this herculean task, an important role has to be played by the 'Environmental Engineers' who would evolve measures for infusing sustainability. This requires a higher competence and an 'out-of-box' thinking approach. With this background and catering to these specific needs of achieving the Sustainable Development Goals (SDGs), the 8th batch admissions for the M.Tech. (Environmental Engineering) program at School of Technology, PDEU, Gandhinagar is rolled out.
